

# LISA CASEY

Principal

Lisa Casey, a professional landscape architect, has experience bringing complex projects into reality for mixed use projects and park systems. She focuses on design that brings wholeness to people and places, emphasizing placemaking and children's outdoor environments in civic and mixed-use spaces. Her creative inspiration starts with the existing context, client collaboration, and extensive travel and sketching experience.

She has lived and traveled in Europe and explored much of the US with a sketchbook in hand. She has also participated in ASLA's annual sketch crawls in Boston, Denver, Chicago, and New Orleans. Her curiosity provides a wellspring of references and knowledge that supports creative solutions tailored to each individual site. Lisa received the Kay Tiller Chapter Service Award in 2016 for her work with the state ASLA chapter and the Outstanding Service Award in 2018 for her work with national ASLA. W
